HI5000

Air purifier

- The air purifier improves the quality of the air that is breathed inside a room
- HEPA filter with activated carbons: mechanically retains air impurities (dust, mould, mites, smoke, pollen, bacteria, etc.), absorbing unpleasant odours
- The plasma generator, thanks to the production of ions, captures the pollutants and impurities in the air
- Purifies the air in a room up to 55 m³
- Low consumption: just 25 W

■ AHIO610 HEPA filter

MADE IN ITALY

MAX air flow 42 m³/h

Max volume 55 m³

Power consumption: 25W

HEPA filter life: approx. 2000 hours

⚡ Mains powered

📏 33.2 x 11.6 x 24.7 cm

LAICA

Company with sole shareholder and subject to the management and coordination of Strix Group Plc.

Strix
TECHNOLOGY

LAICA

AQUA OPTIMA

LAICA is part of STRIX Group plc; Established in 1982 and headquartered in the first UNESCO biosphere on the Isle of Man. The Group develops award-winning technologies that power leading brands to deliver unrivalled safety and helps reduce energy consumption, single use plastics and water contamination around the world.

As a publicly listed company on the London stock exchange Strix Group (AIM:KETL) attracts a range of investors across the technology and sustainability sectors. The Group has a global footprint with over 800 employees across its manufacturing facilities in China, Italy and Australia, its commercial offices in the UK and USA, and a sales team covering the globe.

Through investments in key acquisitions and R&D, the Group innovates technologies in the Small Domestic Appliance and Water Filtration segments, where it brings its technologies to market through its own consumer brands and with key brand partners around the world.
